Shawna made the board aware of a local contractor who has requested to cross the Posted Davis Road Bridge for building projects they will be doing. The engineer handling the bridge project suggested that a per contractor waiver may be acceptable. He suggested asking for a weekly report on the number of loads across, approximate weight, and bridge condition at the end of each week, for observed displacement.

PUBLIC ACCESS: Susan Shane suggested a surety bond for anyone requesting a waiver for the bridge on Davis Road. Also, Susan pointed out that the lights on the fire department side of the Municipal Buildings were quite bright since the trees were removed on the Historical Society property, suggesting that they should face downward. Susan also mentioned MRC's stalking horse bid potential and that the MRC running its own disposal facility was a source of concern for her as a taxpayer.

R. Wood, Jr. / P. Chapman Vote 4-0.
