### **PLASTIC SHOPPING BAGS**

There are drop off boxes at Hannaford Supermarket in Brewer, the Brewer Super Walmart and Shaw's Supermarket on Springer Drive in Bangor for plastic bags. The use of cloth/reusable bags will dramatically reduce the need to even produce plastic bags. Plastic bags are made from polyethylene, a thermoplastic made from oil. They do not readily biodegrade in landfills. Recycling plastic bags or replacing them with cloth/reusable bags, would reduce our oil dependency and protect our water and natural resources.

### **PROPANE TANKS**

The Brewer Landfill will accept propane tanks from nonresidents at their Wiswell Road location for a fee of \$1.00 for tanks 20-pounds or less and \$20.00 for tanks over 20-pounds. Their phone number is 989-8433.

First check the detector for a phone number or address of a disposal service or the manufacturer who can be contacted for further instructions on disposal. If there is no information available, wrap the detectors separately and dispose of it in your regular trash. (the radioactive material in the detector would only cause concern if there were a large number of detectors)
